利用効率を最適化したITソリューションを
データセンターのお客様にご提供します

To Provide Workload Optimized Solution to Customers

wiwynn®

A Satellite Broadband Service Provider

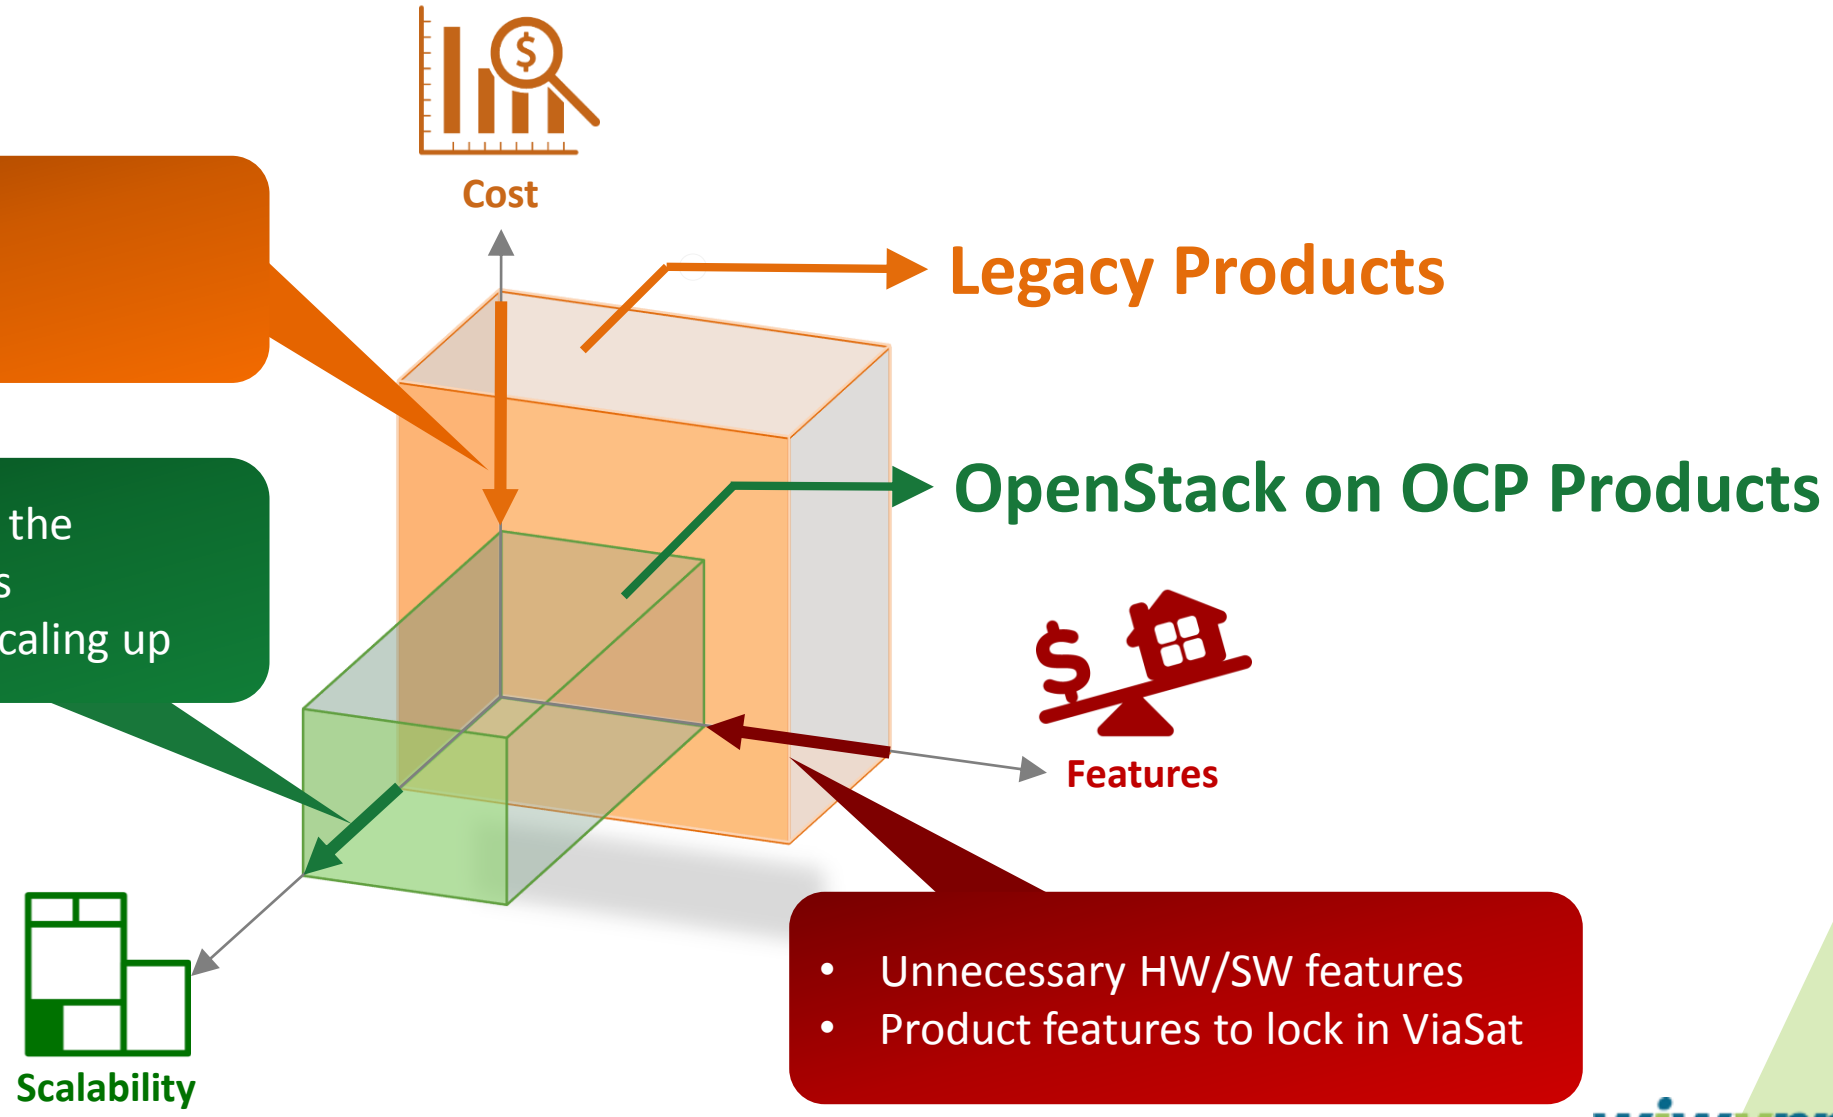
ViaSat

- Launched the world's highest capacity (140Gbps) satellite in October 2011.
- Customer base reaches 800+K users with $1.35B revenue in 2014.
- Services covering consumers and enterprises, government and military.

Viasat's Pains and Needs

- Unused resource
- Power consumption
- Maintenance expenses

- Scaling quickly and easily as the application gains more users
- Best cost-performance for scaling up



- Unnecessary HW/SW features
- Product features to lock in ViaSat

wiwynn®

We Connect ViaSat(ellite)

- **Wiwynn connects ViaSat's services with various OCP rack solutions.**
